Oxford's lack of Fives Courts**

.....

Oxford's great difficulty at Fives is lack of courts; there is now a Rugby Fives court at Keble, referred to elsewhere in this paper, but apart from this there has been only one court in Merton Street, in a very bad state, and a court at Worcester with a small buttress like a Winchester court; there is no Eton Fives court fit to play on, and it is thus very difficult to get practice as many of the best players cannot afford the time and expense entailed in playing in long-distance matches.
