

Scottish Open Fives Championships 2015

The above Championships will take place at Loretto School, Musselburgh, Edinburgh, over the weekend of 2nd May to 3rd May 2015. The singles will take place on the Saturday and the doubles on Sunday. There will be plate competitions for the losers in the early rounds in both competitions. As in previous years participants wishing to enter the doubles tournament should do so as individuals rather than as pairs. When all entries have been collected the organizer shall seed the stronger players and make a draw among the remaining players to see who partners the seeded players. This system has created an exciting doubles competition in previous years with considerable local interest in the later rounds and it is hoped that it will prove equally competitive this year. The tournament this year will be played with the Cliff stitched balls.

Entries should either be sent to:-
